

RAGESH V R

ARTIFICIAL INTELLIGENCE ENGINEERING STUDENT

Location: Idukki, Kerala, India Phone: +91 6238149081
Emails: rageshv214@gmail.com | rv4102@srmist.edu.in
LinkedIn: [linkedin.com/in/ragesh-v-r](https://www.linkedin.com/in/ragesh-v-r) GitHub: github.com/rageshv214-bot

EDUCATION

SRM Institute of Science and Technology (SRMIST)

Expected Graduation: 2029

Bachelor of Technology (B.Tech) in Artificial Intelligence

Kattankulathur, Chennai

- **Relevant Coursework:** Object-Oriented Programming, Data Structures, Machine Learning Foundations, Embedded Systems, Engineering Graphics.

St. Jerome's Higher Secondary School

Vellayamkudy, Idukki

Higher Secondary Education

TECHNICAL SKILLS

Programming Languages

Python, Java, C

Libraries & Data Science

Pandas, NumPy, Jupyter Notebooks

Tools & Version Control

Git, GitHub, AutoCAD (3D Modeling & Geometric Drawings)

Hardware & Embedded

Arduino, RFID Modules, Servos, LCD Displays

ACADEMIC & TECHNICAL PROJECTS

OOPS Banner Application

Java, Git

- Developed a modular, Java-based desktop application utilizing core Object-Oriented Programming (OOP) design principles.
- Managed the project codebase using Git, employing strict version control, branch management, and clean merge workflows to track feature development.

RFID-Based Automated Entry System

Arduino, Embedded C

- Designed and built an internet-of-things (IoT) style hardware prototype for secure access control.
- Integrated RFID sensors, microcontrollers, servo motors, and LCD displays to process real-time authentication data and automate physical access mechanisms.

Problem-Based Learning (PBL) Research

Technical Communication

- Collaborated within a cross-functional group to research and author a comprehensive problem-solving script and project presentation report.
- Presented technical solutions systematically, refining team-coordination and technical documentation skills.

LEADERSHIP & EXTRACURRICULAR ACTIVITIES

Scouts and Guides

8 Years Experience

Active Member & Patrol Leader

- Dedicated 8 consecutive years to community service, rigorous physical training, and camp management, fostering high levels of discipline and civic responsibility.
- Led patrol units during regional camps, organizing group tasks, survival drills, and public service initiatives under high-pressure environments.
- Developed core foundational soft skills in teamwork, peer mentorship, crisis management, and structured communication.

EXPLORATION & INTERESTS

- **Computer Electronics:** Regularly track and analyze hardware iterations, consumer tech architectures, and mobile platform optimizations.
- **Linguistic Skills:** Native speaker of Malayalam, proficient in English, and actively learning basic Japanese (Romaji and Kanji).
